

Stages of Implementation Completion®

Consultation Options - Estimated Costs

Services	Estimated price
<p>Scenario 1: Universal SIC Use of the measure and website for monitoring only</p> <ul style="list-style-type: none"> Includes customizing the terminology/semantics of the activities/items to be relevant for your implementation effort (through a series of virtual meetings) Operationalizing codebook for data collection and interpretation Includes tutorial on use of the website and data collection Includes downloadable raw and scored data, frequency reporting Includes all website maintenance fees, updates, website user support, etc. Includes royalties to OSLC 	<p>\$5,000 Year 1</p> <p>\$2,000 in future years</p>
<p>Scenario 2: Tailored SIC Includes Scenario 1 + Adaptation of SIC for Specific Practice (see Scenario 1 for basic deliverables)</p> <ul style="list-style-type: none"> Adapting the SIC from the ground-up (in-person or series of virtual meetings) Development of data validation and scoring protocols Initial reliability and replication testing Quarterly reports and output are provided for first year: Duration and Proportion by stage and by phase for teams that a) reach key milestones, b) discontinue during each stage, c) discontinue at any point in the effort Downloadable cleaned and scored data 	<p>\$10,000 in Year 1 (+ airfare, hotel, per diem)</p> <p>\$2,000 in future years</p>
<p>Scenario 3: Scenario 2 + Modeling and analysis</p> <ul style="list-style-type: none"> Scope and services will be determined based on specific analysis needs—see box below 	<p>Varies depending on analysis – hourly rate*</p>

There are a few other ways in which previous implementations have found hourly consultation to be helpful:

1. For more advanced statistical analyses, write-up of analyses or outcomes, presenting outcomes for stakeholders, etc.
2. For phone consultation and problem-solving around data collection issues, questions, or confusions
3. For phone consultation for interpretation of results, patterns of behavior, etc.
4. For benchmarking analysis against other implementation efforts
5. For suggestions on how to provide feedback to organizations
6. For creation of graphs, tables, or other ways of displaying output in order to use in slide presentations, manuscripts, etc.

Additional Consultation to Either Scenario:

***hourly consultation rate is \$150/hour and can be broken into 15 minute increments**
